

WORLD MISSION

REGIONAL DIRECTOR OF DEVELOPMENT

Imagine.

You are a follower of Jesus and can impact the nations of the earth in a similar fashion that the printing press did for the Protestant Reformation. Every day your life becomes a fulfillment of Jesus' final teaching to his disciples, the Great Commission!

You are joining a team that provides historic, first-time access to the Good News for thousands of individuals, families and villages that have never heard of Jesus.

You are mobilizing and providing an on-ramp for the 99% of Christians who, until now, have no expression of 'ends of the earth' in their life - an area which every believer is called to have personal involvement.

We.

Are a Christian ministry that started in 1994 with a passion to see people in the developing world have an opportunity to become disciples of Jesus. As we learned of the over 2 billion people who live in environments without access to the Good News, our hearts were broken. From that moment, God led us to pour all our efforts and resources into that initiative, reaching the unreached, and it became our calling as an organization!

When we understood that more than 70% of the population that has never heard the gospel are also oral learners (prefer to learn in a non-literate way) it required us to use an appropriate tool. Our solar-powered audio bible, the Treasure, is available in more than 5,000 languages. Each device is listened to by more than 100 people for hundreds of hours during its 4-year lifetime! Our listening group model is dynamic and nurtures long-term discipleship-making.

As we minister to millions of people overseas in the 10/40 Window (the area where unreached people live) we invite local Christians to join in this amazing opportunity. Since most American believers are not participating in 'the ends of the earth' ministry, we find great fulfillment in offering our very tangible ministry model. Reaching those who are unreached and mobilizing the church in America in strategic international missions is what we are all about!

Our culture is characterized as.

- The Word and Prayer are highly valued
- Living in community and loving each other

- Laser Focused on our vision
- High standards and hard work
- Treasures
- Embracing positive attitudes
- Growth-minded

Your Assignment.

As a strategic member of our leadership team, you will be expected to represent World Mission in your region of the United States. You will meet face to face, over the phone/Zoom, and in church auditoriums, sharing the exciting vision of taking the gospel where it has never been. Specifically, you will be a front-line major gift officer to engage new and existing donor activity, which is the lifeline of our work. Your priority will be individuals, companies, and churches that can make significant investments into World Mission.

So, what does this require of you?

- You must be a Hunter, Connector, Communicator and Builder and know how to cultivate new and existing relationships.
- You should have a proven connection with a network of high net worth, motivated, Christ centered contacts.
- You must have the ability to learn, communicate and connect people to a ministry and vision that is new to both you and to potential donors.
- You must be willing to create relationships with existing donors and find new ones.
- Ability to encourage those who have been primarily local investors to also become 'Ends of the earth investors'.
- You must have a passion and calling to "make the ask".
- Relentless pursuit through personal visits, phone calls and video conferencing
- Urgency! 65,000 go into eternity every day without having their first gospel witness
- Motivation and discipline to work independently with a great work ethic
- Must be wired to operate interactively with a team by both taking direction from oversight and engaging assistance from support team members.

Ministry Vision

In 2023 we distributed the 400,000th Audio Bible around the world among unreached people groups. The global demand for Treasures is unprecedented and growing every week. We plan to send 75,000 devices in 2023 and have plans to continue to scale rapidly. That will reflect in over 21 million people having a first-time gospel witness! As the Regional Director of Development, you will have the unique opportunity to directly impact millions of people

around the world who have never heard of Jesus.

Mission Statement

“We deliver the Word of God in audio format (The Treasure) to oral learners living in unreached people groups.”
